

A NEW \$1 BILLION INDUSTRY FOR TYRONE

“ Dalradian's project represents a great opportunity for Tyrone, a county with a strong history of mineral extraction, manufacturing and engineering.

Some of the world's leading mineral and construction material handling equipment manufacturers are based in Tyrone and a gold mine in the county is a great fit for the skills, know-how and experience that already exist there.

I am sure that building on that collective experience, Dalradian's gold mine will be a major boost to the economy in Tyrone and indeed for the whole of the west of the Bann. ”

*Gordon Best, Regional Director
of Quarry Products Association
Northern Ireland*
